

RDA UK Third Workshop Agenda

A joint workshop between RDA UK and OpenAIRE

Theme: Building bridges across Open Science in the UK

Date: 6 May 2020 13:30-16:30 BST

Location: Virtual meeting

Registration: <https://www.jisc.ac.uk/events/research-data-alliance-uk-and-openaire-workshop-06-may-2020>

The third workshop of the RDA UK node is being run jointly with OpenAIRE on the theme of “**building bridges across Open Science in the UK**”.

This is a chance to find out about RDA and OpenAIRE activities in open science, in particular in the areas of **training, FAIR data, and certification**. The aim of this event is to connect researchers, open science facilitators, research facilitators, repository managers, policy makers, funders and librarians with a strong focus on FAIR. Originally planned as a physical event, this is now being run as a webinar but with time for questions and discussion after each topic’s presentation.

This event will be of interest:

- To RDA members and non-members
- If you work with research data in open science
- If you want to find out more about the RDA and OpenAIRE

Agenda

Time	Title	Presenter
13:30	Welcome	Christopher Brown (Jisc)
13:35	Introductions to... <ul style="list-style-type: none">• RDA UK Node• OpenAIRE NOAD	Juan Bicarregui (UKRI-STFC) Frank Manista (Jisc)
13:55	Training <ul style="list-style-type: none">• OpenAIRE (Schools of Research Data Science)• EOSC-hub and training on Research Data Management	S Venkataraman (DCC) René van Horik (DANS)
14:40	FAIR	Ingrid Dillo (DANS)

	<ul style="list-style-type: none"> FAIR data: from FAIRytale to FAIR enough 	
15:10	Short Break	
15:20	Certification/registering of repositories <ul style="list-style-type: none"> OpenDOAR: insight into our service 	Jennifer Sanchez-Davies (Jisc)
