>> 2nd Infrastructure - RDA Interaction Workshop, 26/27. May -
>> lunch-to-lunch, Amsterdam
>> =====
>>
>> Dear Colleague,
>>
>> We had our 5th RDA plenary in sunny San Diego and we all returned
>> home to rainy Europe. This is a good moment to send a reminder about
>> the 2nd Workshop to continue the interaction with large European
>> (Research) Infrastructure Projects and RDA. This time we will address
>> 3 topics
>>
>> - Inform about the RDA results and their impact by also referring to adoption projects
>> - Listen to infrastructure talks to understand their urgent needs
>> - Discuss concrete collaboration projects
>>
>> We have already an agreement with EUDAT about possible collaborations and others may follow which include concrete funding options and we are envisaging other types of funding sources for submitting collaboration project proposals in future.
>>
>> So please check in your research infrastructure and/or your
>> environment who is most suitable to participate or who would have an
>> interest to join the meeting. Please register at this site:
>> <https://europe.rd-alliance.org/registration-2nd-rda-infrastructure-projects-interaction-meeting-26-27-may-2015-amsterdam>
>> In the case you would like to contribute to the meeting, please, add a short abstract or upload a document until 1. May 2015.
>>
>> Attached is an update agenda, the former motivation document and first ideas for collaboration projects. We will provide information about early adoptions that are currently in progress already very soon, since in San Diego we devoted a half day on such early adoptions.
